

# Bishopbriggs LCR News September 2011

I'm sure you will agree all the pupils have had a busy and productive start to S1 at Bishopbriggs Academy LCR. The time has flown by and it is hard to believe we are already approaching the September weekend. All pupils are working hard both within the LCR and in their other classes throughout the school. Many pupils have also joined lunch-time clubs such as Singing, Dancing and Chess. Thank you very much to parents who completed a transition questionnaire provided by the school, the feedback from this was very useful. The remainder of this newsletter has been completed by the pupils giving some of their views on S1 so far...

*Lorna Harris*

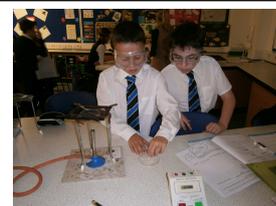

## Angus

The first day of school the fire brigade was at Bishopbriggs Academy. In music we learn to play the keyboard, one lesson is theory and one lesson is playing the keyboard. In the theory lesson we write musical notes. In the keyboard lesson we play Super Trouper and the Banks of the Ohio. In Science we got to burn food and now we are doing a talk about energy. PE was fun we learned to juggle we play games too. In the LCR we do English, maths, history, art, IT, R.M.P.S. We go to home economics we made a pitta pocket and we are going to make apple crumble. I do P.S.E with my guidance teacher. My guidance teacher is Mrs. Shearer. During Interval I buy a roll and sausage. We go to technology and we are trying to make a pencil case. We also go to Drama.

## Callum

When it was my first day of secondary school all the kids were outside cause of a fire alarm. We did our presentation for Mr Pate and Mr Mouldsdale my presentation was My Community Lennoxton. Mr Pate and Mr Mouldsdale thought it was fantastic. I go to the singing club with my friend Sam. The singing club is ran by Mr Walsh the songs we do are Just the way you are by Bruno Mars My guidance teacher is Mr Hewitt my two friends Angus and Oliver have Mr Hewitt as a music teacher when they are off to music. In science Sam and I did our first experiment. We needed the Bunsen Burner, a tripod, goggles, Vaseline, pins and the 4 metals Aluminium, Steel, Copper, Brass and finally the stop-clock. We found out which pins fell off the 4 metals the fastest.

## Oliver

My favourite subject is PE my teacher is Mr Donaghey. In PE we learned to Juggle and play tennis. We did lots of running both outside and inside. My science teacher is Mr Melone. In science we are doing a project about hydroelectric energy. My music teacher is Mr Hewitt. We are learning to play the keyboard. My favourite song we play is Super Trouper. On Tuesdays we are making a wooden pencil case. We have used the saw and belt sanding machine to make the side of our pencil case.

## Sam

I'm having a great time at Bishopbriggs Academy. When it was Tuesday the 13<sup>th</sup> of September, Oliver, Callum and I were having a fitness lesson with Mr Pate in the fitness suite. We tried out the treadmills, the exercise bikes, the rowing machines and the cross trainers. My favourite thing in the fitness suite was the treadmills. I was running really fast on the treadmill! Also, I had the dance club at lunchtime. I had to try and do some groovy dance routines. The song we danced to was 'Super Bass'. Finally, at last period, I had PE with Mr Fulton. After all that, when we were in the taxi, I almost went to sleep!

## Photographs

Here are some more photographs of us hard at work in some different subjects...

Design and technology

Science

Home Economics

English (LCR)
