Balfour Beatty

For anyone interested in a career in construction (design and project management) Balfour Beattie are offering a fantastic 6 week work experience programme which gives you an idea of the what a job with the company may look like but also offers some very helpful tips on application processes! This will be done virtually- see Miss Hendrie if you would like more info!

Apprenticeships

Many of you, by now will know that apprenticeships are a fantastic career pathway! These give you the chance to gain qualifications and earn money at the same time! There are many different apprenticeships which can see you to college or university at the same time as working. If you would like more information on Apprenticeships, please see Miss Hendrie to register for a new event which could give you all the info you need! The event will give you an overview of different apprenticeships as well as tips for applying!

Medicine

Physical medical work experience will be extremely difficult this year... however a brand new online work experience has become available!

The Ward Round Live course uses the latest live-streaming technology to bring you into a ward. Students will see real cases and can talk with patients. Students will discuss each case with their fellow students and NHS Doctors in more detail than they would get a chance to in traditional hospital shadowing placements. This really is a fantastic, unique opportunity... see Miss Hendrie ASAP to register!

Technology

Vodafone are offering a great opportunity for anyone interested in this career area. This is an opportunity to gain an insight into one of the world's largest telecoms companies. As well as gaining an understanding of the different careers within this company. See Miss Hendrie for more details!
