DYW Weekly Bulletin!

Interested in an opportunity? See Miss Hendrie

Are You A Christmas Leaver?

New College Lanarkshire have lots of Computing & Digital Technologies courses open to those looking to start college THIS January! Those who start this course in January are given a free piece of ICT equipment to help with your studies and those who are entitled to EMA will still receive this! Interested? See Miss Hendrie or your Guidance Teacher to find out more about the courses available.

MEDICINE

The British Medical Association (BMA) have recently released a fantastic book for anyone considering this career. The "Have You Thought About Studying Medicine" provide school pupils with the information and support you need. There is information provided on the basics of how to apply to study medicine, what you will need to do and what you need to know if you are thinking of applying. This is a fantastic resource for anyone in S4 or S5!

Finance

One of the world's leading finance companies, Zurich, is offering a fantastic opportunity for those interested in this career. On Tuesday 23rd November from 5:00pm - 6:00pm Zurich will be hosting an Insight to the Financial Services and Insurance Industry Event. You will have the opportunity to speak with some of their most senior leaders, take part in some practical hands-on workshops and ask your questions directly to key decision makers! This is another way to help make yourself stand out from the crowd and find out more about your potential career!

Accounting

One of the country's biggest professional services and accounting companies are offering you a unique chance to gain work experience with them! The interactive online session will give S5 & S6 students an insight into life at KPMG, as well as information about their audit apprenticeships in Aberdeen and Glasgow.
