# DYW Weekly Bulletin!

Interested in an opportunity? See Miss Hendrie

## Music!

The Academy of Music and Sound are hosting a virtual open day on Saturday 4<sup>th</sup> December. As part of this series they will offer you a whole two hour instrument-specific lesson on either; bass, drums, guitar, songwriting, or vocals with one of their specialist tutors or with a member of the AMS alumni. After your lesson, you will have the opportunity to ask questions regarding the application process, fees and funding and also what it's like to be part of the team.

## Engineering for Girls

BAE's apprenticeship insight event will introduce you to the exciting world of craft engineering; providing you with the opportunity to learn more about their company, gain hands on experience and visit their sites. You'll also get to meet their current craft engineering apprentices, who will provide insights into their role and share their experience.

Taking place over 4 days throughout January & February 2022, places on the programme are limited. See Miss Hendrie ASAP to sign up!

## Engineering Apprenticeship

Siemens are looking for 4 apprentices to start next summer. You'll gain a qualification whilst earning a salary as well as the reputation that comes with working for a digital pioneer like Siemens. Part of being an apprentice at Siemens means you get to work on real life projects whilst also being supported on a guided learning journey at college. This will be a 3 year apprenticeship where you will be put onto a career pathway, and earn a qualification. To apply you should have achieved, or be predicted to achieve, National 5 or above in Maths, English and a Science or Technical subject. See Miss Hendrie for more info.

## Hairdressing

A local hairdressing salon is offering someone who is interested in this career the chance to work as a junior over Christmas with the potential for this to turn into a permanent position with college training thereafter. This is a really fantastic opportunity for anyone interested in the hair and beauty industry and thinking of leaving school in the very near future!
