## JP Morgan Software Graduate Apprenticeship

**Software Engineering Graduate Apprenticeship at J.P. Morgan Glasgow** is now open for applications for students wishing to start in September 2023. They have a partnership with **The University of Strathclyde** where all apprentices will earn a full honours degree from the Russell Group university as part of their studies. At their Glasgow Technology Centre, they have over 2,000 technologists developing and supporting global systems using cutting-edge technologies. Joining this team as a Software Engineering Apprentice, over the 4 year programme applicants will learn how to **analyse, develop and test code**, while completing their **BSc in Software Development**.

**Entry Criteria:** BBBB at Scottish Higher level. This must include either Maths, Physics or Computer Science.

**Start Salary (rising after 15 months):** £21,000 + benefits

Applicants will go through a multi-stage selection process which will operate on a rolling basis so applications should be made ASAP to avoid disappointment.

## JP Morgan Technology Work Experience 2023

JP Morgan's **Glasgow Technology Work Experience 2023 programme for S4-S6 students** is opening soon. This programme gives a comprehensive overview of the technology industry and will introduce participants to different business areas within the company. Participants will have a chance to participate in seminars, interactive presentations, case studies and group exercises. It's an invaluable opportunity to begin building networks and laying the ground work for the future!

Applications will open on the **20th October** and will stay open for **24 hours**, meaning that applications can be made **on this day ONLY**.

Set a reminder on your phone and scan the QR code to apply!
